The board of directors of the Company (the “**Board**”) wishes to inform the shareholders of the Company (the “**Shareholders**”) and potential investors that, based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the year ended 31 March 2021 (the “**FY2021**”) and other information currently available, the Group expects to record a substantial increase in profit and total comprehensive income for the FY2021 of no less than 90% as compared to the profit and total comprehensive income for the year ended 31 March 2020. The information contained in this announcement is only based on a preliminary assessment by the Board with reference to other information currently available and the unaudited consolidated management accounts of the Group for the FY2021 which have not been reviewed by the Company’s independent auditor and the audit committee of the Company. The Company is still in the process of finalising the details of its financial results and performance for the FY2021. The actual financial results for the FY2021 of the Group may differ from those disclosed in this announcement. Shareholders and potential investors are advised to read carefully the annual results announcement of the Company for the FY2021 which is expected to be published on or before 30 June 2021.
